The ideal balance of performance and price

J105 Low VOC Basecoat Blender

PRODUCT FEATURES

- Helps transition the color into blend area
- Facilitates indiscernible blends
- Can be applied as a wet bed
- Simple 1:1 mix ratio

Designed for use with SHOP-LINE® JBX and JBPX compliant basecoat systems, J105 Low VOC Basecoat Blender is ideal for creating a smooth transition of the color into the blend area. This blender can be used as a wet bed before applying basecoat, or it can be mixed with ready-to-spray color to assist in achieving truly invisible blends.
