## ***BODY CLEANER***

### **PRODUCT DESCRIPTION**

Body Cleaner (**P273-901**) is a water miscible cleaning solution designed to remove oil, grease, dirt and polish from painted surfaces prior to starting repair.

- Fast Quality Repairs = customer satisfaction

**Note:** The most important part of any repair process is a clean surface.

# PROCESS

## MIXING RATIO

### P273-901 Body Cleaner

#### Normal Road Film

P273-901 1 part  
Water 4 parts

#### Heavy Oil, Grease and Silicone Polishes

P273-901 1 part  
Water 1 part

#### Sanding Solution

P273-901 1 part  
Water 9 parts

## APPLICATION

### P273-901 As A Cleaner

1. Apply to the surface with a brush, sponge, rag or scuffpad.  
**Note:** With heavy coatings of oil or grease, work in solution with a stiff brush.
2. Leave on the surface for a few minutes then rinse thoroughly with clean water.
3. Dry surface well.

### P273-901 As A Sanding Solution

1. P273-901 used as a sanding solution mixed 1:9 with water will aid in the removal of light contamination.
2. Rinse thoroughly with clean water and dry surface well.
3. Final wipe with Spirit Wipe (P850-14/1402) or Waterborne Precleaner (P980-251) prior to overcoating.
