

VAP-9XX TINTING GUIDE

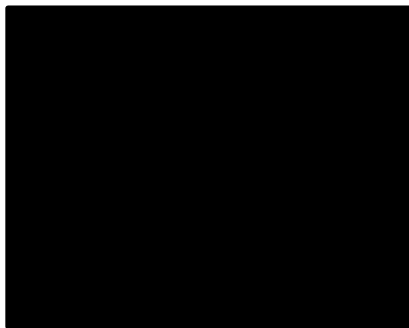

Technical Bulletin CPCTB24

VAP-9XX is a tintable vinyl acrylic primer. VAP-9XX must be tinted with a full 14 oz. of any combination of CPC "H" series tint concentrate. (14 oz. per 114 oz. short filled gallon)

Once tinted, VAP-9XX must be relabeled with finished product label coded VAP-CT. The "VAP-CT" label is the only legal label for the tinted primer.
