The ideal balance of performance and price

JC830 2.1 VOC Production Clear

PRODUCT FEATURES

- Impressive dry times—excellent productivity
- Fast, low bake option
- Easy to use
- Simple mix ratio
- Choice of three hardeners

JC830 2.1 VOC Production Clear is a value-minded clearcoat designed for exceptional performance and throughput on spot and panel repairs. Offering speed and versatility, JC830 can be air dried or baked, then buffed with minimal wait time. A simple 4:1 mix ratio facilitates ease of use, and with a choice of three available hardeners, JC830 can easily accommodate job size and/or working conditions.
