# SAFETY DATA SHEET

Date of issue/Date of revision

: 31 January 2024

: 3.18

Version

## SECTION 1: Identification of the substance/mixture and of the company/ undertaking

	4				<b>~</b>
-	1 1	rodi	ict i	denti	tior
		IUUL			

Product name	: GORI 51 HIGH GLOSS
Product code	: 10130DSC13X51H

#### Other means of identification

00360213; 00360214; 00360216; 00360274; 00360275; 00360282; 00360286; 00422269; 00445890

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

**Product use** Use of the substance/ mixture

: Consumer applications, Professional applications, Application by non spray methods..

: Coating.

### 1.3 Details of the supplier of the safety data sheet

Prominent Paints	
11 Dan Jacobs Street,	
Alrode, PO Box 136166, Albe	erton Noord 1456
South Africa	
Tel: 0027 113 89 46 00	
Fax: 0027 113 89 46 41	
e-mail address of person responsible for this SDS	: PS.ACEMEA@ppg.com

1.4 Emergency telephone : +27 51 444 2134 number

## **SECTION 2: Hazards identification**

2.1 Classification of the subs	stance or mixture
Product definition Classification according to	: Mixture Regulation (EC) No. 1272/2008 [CLP/GHS]
Not classified.	
The product is not classified a	as hazardous according to Regulation (EC) 1272/2008 as amended.
See Section 16 for the full tex	t of the H statements declared above.
See Section 11 for more deta	iled information on health effects and symptoms.
2.2 Label elements	
Signal word	: No signal word.
Hazard statements	: No known significant effects or critical hazards.
Precautionary statements	
General	: Keep out of reach of children. If medical advice is needed, have product container or label at hand.
Prevention	: Not applicable.
Response	: Not applicable.
Storage	: Not applicable.

Code	: 10130DSC13X51H	Date of issue/Date of revision	: 31 January 2024
GORI 51 HIG	H GLOSS		

## **SECTION 2: Hazards identification**

Disposal	<ul> <li>Dispose of contents and container in accordance with all local, regional, national and international regulations.</li> <li>P102, P101, P501</li> </ul>
Hazardous ingredients	: Not applicable.
Supplemental label elements	<ul> <li>Contains adipohydrazide, 1,2-benzisothiazol-3(2H)-one, 2-methylisothiazol-3(2H)-one and reaction mass of 5-chloro-2-methyl-2H-isothiazol-3-one and 2-methyl-2H-isothiazol- 3-one (3:1). May produce an allergic reaction. Safety data sheet available on request.</li> </ul>
Annex XVII - Restrictions on the manufacture, placing on the market and use of certain dangerous substances, mixtures and articles	: Do not use in paint spraying equipment.
Special packaging requirem	ients
Containers to be fitted with child-resistant fastenings	: Not applicable.
Tactile warning of danger	: Not applicable.
2.3 Other hazards	
Product meets the criteria for PBT or vPvB	: This mixture does not contain any substances that are assessed to be a PBT or a vPvB.
Other hazards which do not result in classification	: None known.

## **SECTION 3: Composition/information on ingredients**

3.2 Mixtures	: Mixture				
Product/ingredient name	Identifiers	%	Classification	Specific Conc. Limits, M-factors and ATEs	Туре
2-(2-butoxyethoxy)ethanol	REACH #: 01-2119475104-44 EC: 203-961-6 CAS: 112-34-5 Index: 603-096-00-8	≥1.0 - ≤5.0	Eye Irrit. 2, H319	-	[1] [2]

			See Section 16 for the full text of the H statements declared above.		

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment, are PBTs, vPvBs or Substances of equivalent concern, or have been assigned a workplace exposure limit and hence require reporting in this section.

Туре

[1] Substance classified with a health or environmental hazard

[2] Substance with a workplace exposure limit

Occupational exposure limits, if available, are listed in Section 8.

SUB codes represent substances without registered CAS Numbers.

## SECTION 4: First aid measures

4.1 Description of first aid m	neasures
Eye contact	<ul> <li>Remove contact lenses, irrigate copiously with clean, fresh water, holding the eyelids apart for at least 10 minutes and seek immediate medical advice.</li> </ul>
Inhalation	: Remove to fresh air. Keep person warm and at rest. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel.
Skin contact	: Remove contaminated clothing and shoes. Wash skin thoroughly with soap and water or use recognised skin cleanser. Do NOT use solvents or thinners.
Ingestion	: If swallowed, seek medical advice immediately and show the container or label. Keep person warm and at rest. Do NOT induce vomiting.
Protection of first-aiders	: No action shall be taken involving any personal risk or without suitable training.

### 4.2 Most important symptoms and effects, both acute and delayed <u>Potential acute health effects</u>

Eye contact	: No known significant effects or critical hazards.	
Inhalation	: No known significant effects or critical hazards.	
Skin contact	: No known significant effects or critical hazards.	

Code : 10130DSC13) GORI 51 HIGH GLOSS	51H Date of issue/Date of revision : 31 Janua	ary 2024
SECTION 4: First aid	measures	
Ingestion	: No known significant effects or critical hazards.	
Over-exposure signs/symp	<u>oms</u>	
Eye contact	: No specific data.	
Inhalation	: No specific data.	
Skin contact	: No specific data.	
Ingestion	: No specific data.	
4.3 Indication of any immedi	te medical attention and special treatment needed	
Notes to physician	: Treat symptomatically. Contact poison treatment specialist immediately if larg quantities have been ingested or inhaled.	je
Specific treatments	: No specific treatment.	
SECTION 5: Firefigh	ing measures	
5.1 Extinguishing media Suitable extinguishing media	: Use an extinguishing agent suitable for the surrounding fire.	
Unsuitable extinguishing media	: None known.	
5.2 Special hazards arising f	om the substance or mixture	
Hazards from the substance or mixture	: In a fire or if heated, a pressure increase will occur and the container may bur	st.
Hazardous combustion products	: Decomposition products may include the following materials: carbon oxides	
5.3 Advice for firefighters		
Special precautions for fire-fighters	: Promptly isolate the scene by removing all persons from the vicinity of the inci there is a fire. No action shall be taken involving any personal risk or without s training.	
Special protective equipment for fire-fighters	: Fire-fighters should wear appropriate protective equipment and self-contained apparatus (SCBA) with a full face-piece operated in positive pressure mode. for fire-fighters (including helmets, protective boots and gloves) conforming to standard EN 469 will provide a basic level of protection for chemical incidents	Clothing Europea

## **SECTION 6: Accidental release measures**

6.1 Personal precautions, pro	tective equipment and emergency procedures
For non-emergency personnel	: No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilt material. Put on appropriate personal protective equipment.
For emergency responders	: If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".
6.2 Environmental precautions	: Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

## 6.3 Methods and material for containment and cleaning up

Code	: 10130DSC13X51H	Date of issue/Date of revision	: 31 January 2024
GORI 51 HIG	H GLOSS		

## **SECTION 6: Accidental release measures**

Small spill	: Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.
Large spill	: Stop leak if without risk. Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations. Dispose of via a licensed waste disposal contractor.
6.4 Reference to other sections	: See Section 1 for emergency contact information. See Section 8 for information on appropriate personal protective equipment. See Section 13 for additional waste treatment information.

## **SECTION 7: Handling and storage**

The information in this section contains generic advice and guidance. The list of Identified Uses in Section 1 should be consulted for any available use-specific information provided in the Exposure Scenario(s).

#### 7.1 Precautions for safe handling

**Protective measures** 

- : Put on appropriate personal protective equipment (see Section 8).
- Advice on general occupational hygiene : Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.
- 7.2 Conditions for safe storage, including any incompatibilities
  Store between the following temperatures: 5 to 35°C (41 to 95°F). Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabelled containers. Use appropriate containment to avoid environmental contamination. See Section 10 for incompatible materials before handling or use.

## 7.3 Specific end use(s)

See Section 1.2 for Identified uses.

## **SECTION 8: Exposure controls/personal protection**

The information in this section contains generic advice and guidance. The list of Identified Uses in Section 1 should be consulted for any available use-specific information provided in the Exposure Scenario(s).

## 8.1 Control parameters

## Occupational exposure limits

Product/ingredient name	Exposure limit values
2-(2-butoxyethoxy)ethanol	ACGIH TLV (United States, 1/2023). TWA: 10 ppm 8 hours. Form: Inhalable fraction and vapor

English	(GB)
---------	------

2020/878		
Code : 10130DSC13>	51H Date of issue/Date	of revision : 31 January 2024
GORI 51 HIGH GLOSS		
Recommended monitoring procedures	: Reference should be made to monitoring stan Standard EN 689 (Workplace atmospheres - ( by inhalation to chemical agents for compariso strategy) European Standard EN 14042 (Wor application and use of procedures for the asse biological agents) European Standard EN 482 requirements for the performance of procedur agents) Reference to national guidance docu of hazardous substances will also be required	Guidance for the assessment of exposure on with limit values and measurement kplace atmospheres - Guide for the essment of exposure to chemical and 2 (Workplace atmospheres - General es for the measurement of chemical ments for methods for the determination
8.2 Exposure controls		
Appropriate engineering controls	: Good general ventilation should be sufficient t contaminants.	o control worker exposure to airborne
Individual protection measu	<u>es</u>	
Hygiene measures	: Wash hands, forearms and face thoroughly af eating, smoking and using the lavatory and at Appropriate techniques should be used to rem Wash contaminated clothing before reusing. showers are close to the workstation location.	the end of the working period. ove potentially contaminated clothing.
Eye/face protection <u>Skin protection</u>	: Chemical splash goggles.	
Hand protection	: Chemical-resistant, impervious gloves comply worn at all times when handling chemical proc necessary.	
Gloves	: For prolonged or repeated handling, use the for	ollowing type of gloves:
	Recommended: butyl rubber	
Body protection	: Personal protective equipment for the body sh performed and the risks involved and should be handling this product.	
Other skin protection	Appropriate footwear and any additional skin p based on the task being performed and the ris specialist before handling this product.	
Respiratory protection	: Use with adequate ventilation. In case of insurespiratory equipment. Wear a respirator commust be based on known or anticipated expose and the safe working limits of the selected respirator composeries face mask Filter type: organic vapour filter (T properly fitted, air-purifying or air-fed respirator a risk assessment indicates this is necessary.	forming to EN140. Respirator selection ure levels, the hazards of the product pirator. Mask type: full-face mask half- ype A) particulate filter P3 Use a r complying with an approved standard if
Environmental exposure controls	: Emissions from ventilation or work process eq they comply with the requirements of environn cases, fume scrubbers, filters or engineering r will be necessary to reduce emissions to acce	nental protection legislation. In some nodifications to the process equipment

## **SECTION 9: Physical and chemical properties**

The conditions of measurement of all properties are at standard temperature and pressure unless otherwise indicated.

9.1 Information on basic phy	sical and chemical properties
Appearance	
Physical state	: Liquid.
Colour	: Various
Odour	: Characteristic. [Slight]
Odour threshold	: Not available.
