## Conforms to Regulation (EC) No. 1907/2006 (REACH), Annex II, as amended by UK REACH Regulation SI 2019/758

## **SAFETY DATA SHEET**

Date of issue/Date of revision

: 11 October 2024

: 1.04

Version

## SECTION 1: Identification of the substance/mixture and of the company/ undertaking

| 1.1 Product identifier           |   |
|----------------------------------|---|
| Product name                     | : PSX 700 COLORANT 11 BLACK                                       |
| Product code                     | : 00293924  |
| Product type                     | : Liquid.   |
| Other means of<br>identification | : Not available.  |
| 1.2 Relevant identified uses     | s of the substance or mixture and uses advised against            |
| Product use                      | : Professional applications.                                      |
| Use of the substance/<br>mixture | : Pígment paste   |
| Uses advised against             | : Product is not intended, labelled or packaged for consumer use. |
|                                  |   |

## 1.3 Details of the supplier of the safety data sheet

PPG Coatings Belgium BV/SRL Tweemontstraat 104 B-2100 Deurne Belgium Telephone +32-33606311 Fax +32-33606435

e-mail address of person : Product.Stewardship.EMEA@ppg.com responsible for this SDS

## 1.4 Emergency telephone number

**Supplier** 

+31 20 4075210

## **SECTION 2: Hazards identification**

## 2.1 Classification of the substance or mixture

Product definition : Mixture Classification according to UK CLP/GHS Not classified.

The product is not classified as hazardous according to UK CLP Regulation SI 2019/720 as amended. See Section 11 for more detailed information on health effects and symptoms.

| 2.2 Label elements             |   |
|--------------------------------|---|
| Signal word                    | : No signal word.   |
| Hazard statements              | : No known significant effects or critical hazards.   |
| Precautionary statements       |   |
| Prevention                     | : Not applicable.   |
| Response                       | : Not applicable.   |
| Storage                        | : Not applicable.   |
| Disposal                       | : Dispose of contents and container in accordance with all local, regional, national and international regulations. |
|                                | P501  |
| Supplemental label<br>elements | : Safety data sheet available on request.   |

| Code : 00293924<br>PSX 700 COLORANT 11 BLACK | Date of issue/Date of revision | : 11 October 2024 |
|--|--------------------------------|-------------------|
| SECTION 2: Hazards identification            |                                |                   |

| Annex XVII - Restrictions<br>on the manufacture,<br>placing on the market and<br>use of certain dangerous<br>substances, mixtures and<br>articles | : Not applicable.   |
|---|---|
| Special packaging requirem  | ents  |
| Containers to be fitted<br>with child-resistant<br>fastenings   | : Not applicable.   |
| Tactile warning of danger   | : Not applicable.   |
| 2.3 Other hazards   |   |
| Product meets the criteria<br>for PBT or vPvB according<br>to Regulation (EC) No.<br>1907/2006, Annex XIII  | : This mixture does not contain any substances that are assessed to be a PBT or a vPvB. |
| Other hazards which do not result in classification   | : None known.   |

## **SECTION 3: Composition/information on ingredients**

**3.2 Mixtures** 

: Mixture

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment, are PBTs, vPvBs or Substances of equivalent concern, or have been assigned a workplace exposure limit and hence require reporting in this section.

SUB codes represent substances without registered CAS Numbers.

## **SECTION 4: First aid measures**

## 4.1 Description of first aid measures

| Eye contact                | : Remove contact lenses, irrigate copiously with clean, fresh water, holding the eyelids apart for at least 10 minutes and seek immediate medical advice.  |
|----------------------------|--|
| Inhalation                 | : Remove to fresh air. Keep person warm and at rest. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. |
| Skin contact               | : Remove contaminated clothing and shoes. Wash skin thoroughly with soap and water or use recognised skin cleanser. Do NOT use solvents or thinners.   |
| Ingestion                  | : If swallowed, seek medical advice immediately and show the container or label. Keep person warm and at rest. Do NOT induce vomiting.   |
| Protection of first-aiders | : No action shall be taken involving any personal risk or without suitable training.   |

## 4.2 Most important symptoms and effects, both acute and delayed

## Potential acute health effects

| Eye contact             | : No known significant effects or critical hazards. |
|-------------------------|---|
| Inhalation              | : No known significant effects or critical hazards. |
| Skin contact            | : No known significant effects or critical hazards. |
| Ingestion               | : No known significant effects or critical hazards. |
| Over-exposure signs/syr | nptoms  |
| Eye contact             | : No specific data.                                 |
| Inhalation              | : No specific data.                                 |
| Skin contact            | : No specific data.                                 |
| Ingestion               | : No specific data.                                 |

## 4.3 Indication of any immediate medical attention and special treatment needed

#### 1007/2006 (PEACH) n dod h Istic SI 2019/758 (EC) No Confor to Po aulation Λ

| Conforms to Regulation (EC) N                              | o. 1907/2006 (REACH), Annex II, as amended by UK REACH Regulation SI 2019/758   |  |  |
|--|---|--|--|
| Code : 00293924<br>PSX 700 COLORANT 11 BLA                 | Date of issue/Date of revision         : 11 October 2024           CK   |  |  |
| <b>SECTION 4: First aid</b>                                | measures  |  |  |
| Notes to physician   | : Treat symptomatically. Contact poison treatment specialist immediately if large<br>quantities have been ingested or inhaled.  |  |  |
| Specific treatments  | No specific treatment.  |  |  |
| SECTION 5: Firefight                                       | ing measures  |  |  |
| 5.1 Extinguishing media<br>Suitable extinguishing<br>media | : Use an extinguishing agent suitable for the surrounding fire.   |  |  |
| Unsuitable extinguishing media                             | : None known.   |  |  |
| 5.2 Special hazards arising f                              | rom the substance or mixture  |  |  |
| Hazards from the substance or mixture                      | : In a fire or if heated, a pressure increase will occur and the container may burst.   |  |  |
| Hazardous combustion products                              | : Decomposition products may include the following materials:<br>carbon oxides<br>metal oxide/oxides  |  |  |
| 5.3 Advice for firefighters                                |   |  |  |
| Special protective actions for fire-fighters               | : Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.   |  |  |
| Special protective<br>equipment for fire-fighters          | : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode. Clothing for fire-fighters (including helmets, protective boots and gloves) conforming to British standard BS EN 469 will provide a basic level of protection for chemical incidents. |  |  |
| <b>SECTION 6: Acciden</b>                                  | tal release measures  |  |  |
|  |   |  |  |

| 6.1 Personal precautions, protective equipment and emergency procedures |  |  |  |  |
|---|--|--|--|--|
| :   | No action shall be taken involving any personal risk or without suitable training.<br>Evacuate surrounding areas. Keep unnecessary and unprotected personnel from<br>entering. Do not touch or walk through spilt material. Put on appropriate personal<br>protective equipment.   |  |  |  |
| :   | If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".  |  |  |  |
| :   | Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains<br>and sewers. Inform the relevant authorities if the product has caused environmental<br>pollution (sewers, waterways, soil or air).  |  |  |  |
| со  | ntainment and cleaning up  |  |  |  |
| :   | Stop leak if without risk. Move containers from spill area. Dilute with water and mop<br>up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry<br>material and place in an appropriate waste disposal container. Dispose of via a<br>licensed waste disposal contractor.   |  |  |  |
| :   | Stop leak if without risk. Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see Section 13). Dispose of via a licensed waste disposal contractor. Note: see Section 1 for emergency contact information and Section 13 for waste disposal. |  |  |  |

|---------------------------|--------------------------------|-------------------|
| PSX 700 COLORANT 11 BLACK |                                |                   |

## **SECTION 6: Accidental release measures**

1

| 6.4 Refer | ence | to | other |
|-----------|------|----|-------|
| sections  |      |    |       |

See Section 1 for emergency contact information. See Section 8 for information on appropriate personal protective equipment. See Section 13 for additional waste treatment information.

## **SECTION 7: Handling and storage**

The information in this section contains generic advice and guidance. The list of Identified Uses in Section 1 should be consulted for any available use-specific information provided in the Exposure Scenario(s).

## 7.1 Precautions for safe handling

| Protective measures                    | : | Put on appropriate personal protective equipment (see Section 8).   |
|--|---|---|
| Advice on general occupational hygiene | : | Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures. |

## 7.2 Conditions for safe storage, including any incompatibilities

Store between the following temperatures: 0 to 35°C (32 to 95°F). Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabelled containers. Use appropriate containment to avoid environmental contamination. See Section 10 for incompatible materials before handling or use.

## 7.3 Specific end use(s)

See Section 1.2 for Identified uses.

## **SECTION 8: Exposure controls/personal protection**

## 8.1 Control parameters

The information in this section contains generic advice and guidance. The list of Identified Uses in Section 1 should be consulted for any available use-specific information provided in the Exposure Scenario(s).

## **Occupational exposure limits**

No exposure limit value known.

No exposure indices known.

Recommended monitoring procedures : Reference should be made Standard BS EN 689 (Work exposure by inhalation to cl measurement strategy) Bri Cuide for the application or

Reference should be made to monitoring standards, such as the following: British Standard BS EN 689 (Workplace atmospheres - Guidance for the assessment of exposure by inhalation to chemical agents for comparison with limit values and measurement strategy) British Standard BS EN 14042 (Workplace atmospheres - Guide for the application and use of procedures for the assessment of exposure to chemical agents) British Standard BS EN 482 (Workplace atmospheres - atmospheres - General requirements for the performance of procedures for the measurement of chemical agents) Reference to national guidance documents for methods for the determination of hazardous substances will also be required.

## **DNELs/DMELs**

No DNELs/DMELs available.

## **PNECs**

No PNECs available

## 8.2 Exposure controls

Appropriate engineering controls

: Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

| Code<br>PSX 700 | : 00293924<br>COLORANT 11 BLACK | Date of issue/Date of revision | : 11 October 2024 |
|-----------------|---------------------------------|--------------------------------|-------------------|
| SECTI           | ON 8: Exposure contro           | ols/personal protection        |                   |

| Individual protection measu            | <u>ires</u>  |
|--|--|
| Hygiene measures                       | : Wash hands, forearms and face thoroughly after handling chemical products, before<br>eating, smoking and using the lavatory and at the end of the working period.<br>Appropriate techniques should be used to remove potentially contaminated clothing.<br>Wash contaminated clothing before reusing. Ensure that eyewash stations and safety<br>showers are close to the workstation location.  |
| Eye/face protection<br>Skin protection | : Safety glasses with side shields.  |
| Hand protection                        | : Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.  |
| Gloves                                 | : For prolonged or repeated handling, use the following type of gloves:  |
|  | Recommended: nitrile rubber, natural rubber (latex)  |
| Body protection                        | : Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.  |
| Other skin protection                  | : Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.  |
| Respiratory protection                 | : Use with adequate ventilation. In case of insufficient ventilation, wear suitable respiratory equipment. Wear a respirator conforming to EN140. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator. Mask type: full-face mask half-face mask Filter type: organic vapour filter (Type A) particulate filter P3 Use a properly fitted, air-purifying or air-fed respirator complying with an approved standard if a risk assessment indicates this is necessary. |
| Environmental exposure controls        | : Emissions from ventilation or work process equipment should be checked to ensure<br>they comply with the requirements of environmental protection legislation. In some<br>cases, fume scrubbers, filters or engineering modifications to the process equipment<br>will be necessary to reduce emissions to acceptable levels.  |

## **SECTION 9: Physical and chemical properties**

The conditions of measurement of all properties are at standard temperature and pressure unless otherwise indicated.

#### 9.1 Information on basic physical and chemical properties

| <u>Appearance</u>                               |   |
|---|---|
| Physical state                                  | : Liquid.   |
| Colour  | : Black.  |
| Odour   | : Characteristic.   |
| Odour threshold                                 | : Not available.  |
| Melting point/freezing point                    | :   |
| Initial boiling point and<br>boiling range      | : >37.78°C (>100°F)   |
| Flammability (solid, gas)                       | : liquid  |
| Upper/lower flammability or<br>explosive limits | : Not available.  |
| Flash point                                     | : Closed cup: Not applicable.   |
| Auto-ignition temperature                       | : Not available.  |
| рН  | : Not applicable.   |
|   | Not applicable. insoluble in water.   |

Conforms to Regulation (EC) No. 1907/2006 (REACH), Annex II, as amended by UK REACH Regulation SI 2019/758

Code<th:: 00293924</th>Date of issue/Date of revision: 11 October 2024PSX 700 COLORANT 11 BLACK

## **SECTION 12: Ecological information**

## 12.1 Toxicity

**Conclusion/Summary** : Not available.

## 12.2 Persistence and degradability

**Conclusion/Summary** : Not available.

#### **12.3 Bioaccumulative potential**

Not available.

| 12.4 Mobility in soil                  |                  |
|--|------------------|
| Soil/water partition coefficient (Koc) | : Not available. |
| Mobility                               | : Not available. |

#### 12.5 Results of PBT and vPvB assessment

This mixture does not contain any substances that are assessed to be a PBT or a vPvB.

#### **12.6 Other adverse effects** : No known significant effects or critical hazards.

## **SECTION 13: Disposal considerations**

The information in this section contains generic advice and guidance. The list of Identified Uses in Section 1 should be consulted for any available use-specific information provided in the Exposure Scenario(s).

## **13.1 Waste treatment methods**

# Product Methods of disposal : The generation of waste should be avoided or minimised wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction.

## Hazardous waste

#### Waste catalogue

| Waste code | Waste designation   |
|------------|---|
| 08 01 11*  | waste paint and varnish containing organic solvents or other hazardous substances |

#### **Packaging**

Methods of disposal

: The generation of waste should be avoided or minimised wherever possible. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible.

|   | Type of packaging  | Waste catalogue  |     |
|---|--------------------|--|-----|
|   | Container          | 5 01 06 mixed packaging  |     |
| S | pecial precautions | : This material and its container must be disposed of in a safe way. Empty container or liners may retain some product residues. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers. | ərs |

**14.6 Special precautions for** : **Transport within user's premises:** always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

#### 14.7 Transport in bulk according to IMO instruments

## **SECTION 15: Regulatory information**

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture **UK (GB)/REACH** 

Annex XIV - List of substances subject to authorisation

: Not available.

## **Annex XIV**

None of the components are listed.

Substances of very high concern

None of the components are listed.

**Explosive precursors** : Not applicable.

## **Ozone depleting substances**

Not listed.

Annex XVII - Restrictions on the manufacture, placing on the market and use of certain dangerous substances, mixtures and articles

No listed substance

## **Seveso Directive**

This product is not controlled under the Seveso Directive.
