SAFETY DATA SHEET

Date of issue 20 June 2023

Version 1

| Section 1. Identification | | |
|---|--|--|
| Chemical name | : SIGMATHERM 540 | |
| GHS product identifier | : SIGMATHERM 540 | |
| Code | : 00445433 | |
| Relevant identified uses of the substance or mixture and uses advised against | | |
| Product use | Coating. Professional applications, Used by spraying. | |
| Supplier's details | : PPG Industries International Inc. Taiwan Branch. No.209, Hong Tzuenn Rd Ping Chen City, Taoyuan County, Taiwan Tel: 886 3 3663922 886 3 3751639 (Automotive OEM Coatings Products). Fax: 886 3 2182667 | |
| Emergency telephone number | : North: +886-3-3663922 North : +886-911998320 South: +886-7-8718105 South : +886-932793707 | |

Section 2. Hazards identification

| Classification of the substance or mixture | FLAMMABLE LIQUIDS - Category 3 ACUTE TOXICITY (dermal) - Category 5 SKIN CORROSION/IRRITATION - Category 2 SERIOUS EYE DAMAGE/ EYE IRRITATION - Category 1 SPECIFIC TARGET ORGAN TOXICITY (SINGLE EXPOSURE) (Respiratory tract irritation) - Category 3 AQUATIC TOXICITY (ACUTE) - Category 3 AQUATIC TOXICITY (CHRONIC) - Category 3 Percentage of the mixture consisting of ingredient(s) of unknown acute dermal toxicity: 39.8% |
|--|--|
| | Percentage of the mixture consisting of ingredient(s) of unknown hazards to the |
| | aquatic environment: 71.3% |
| GHS label elements | |
| Hazard pictograms | |
| Signal word | : Danger |

Product name SIGMATHERM 540

Section 2. Hazards identification

| Hazard statements | : | Flammable liquid and vapor. May be harmful in contact with skin. Causes skin irritation. Causes serious eye damage. May cause respiratory irritation. Harmful to aquatic life with long lasting effects. |
|---|---|---|
| Precautionary statements | | |
| Prevention | : | Wear protective gloves, protective clothing and eye or face protection. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Use explosion-proof electrical, ventilating or lighting equipment. Use non- sparking tools. Take action to prevent static discharges. Use only outdoors or in a well-ventilated area. Avoid release to the environment. Avoid breathing vapor. Wash thoroughly after handling. |
| Response | : | IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor if you feel unwell. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water. IF ON SKIN: Call a POISON CENTER or doctor if you feel unwell. Wash with plenty of water. If skin irritation occurs: Get medical advice or attention. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor. |
| Storage | 1 | Store locked up. Store in a well-ventilated place. Keep container tightly closed. Keep cool. |
| Disposal | : | Dispose of contents and container in accordance with all local, regional, national and international regulations. |
| Other hazards which do not result in classification | 1 | Prolonged or repeated contact may dry skin and cause irritation. |

Section 3. Composition/information on ingredients

| Substance/mixture : Mixture | | |
|--|---|---|
| Hazardous ingredients | Concentration % | CAS number |
| xylene Solvent naphtha (petroleum), heavy arom. 1-methoxy-2-propanol [3-(2,3-epoxypropoxy)propyl]trimethoxysilane ethylbenzene 1-Butanol, titanium(4+) salt (4:1), homopolymer toluene | 20 - <25 5 - <10 5 - <10 5 - <10 3 - <5 1 - <3 0.3 - <1 | 1330-20-7 64742-94-5 107-98-2 2530-83-8 100-41-4 9022-96-2 108-88-3 |
| Hazardous ingredients | Concentration % | CAS number |
| xylene Solvent naphtha (petroleum), heavy arom. 1-methoxy-2-propanol [3-(2,3-epoxypropoxy)propyl]trimethoxysilane ethylbenzene 1-Butanol, titanium(4+) salt (4:1), homopolymer toluene | 20 - <25 5 - <10 5 - <10 5 - <10 3 - <5 1 - <3 0.3 - <1 | 1330-20-7 64742-94-5 107-98-2 2530-83-8 100-41-4 9022-96-2 108-88-3 |

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Product name SIGMATHERM 540

Section 3. Composition/information on ingredients

Occupational exposure limits, if available, are listed in Section 8.

SUB codes represent substances without registered CAS Numbers.

Section 4. First aid measures

| Description of necessary first aid measures | | |
|--|--|--|
| Inhalation | Remove to fresh air. Keep person warm and at rest. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. | |
| Ingestion | If swallowed, seek medical advice immediately and show this container or label. Keep person warm and at rest. Do NOT induce vomiting. | |
| Skin contact | Remove contaminated clothing and shoes. Wash skin thoroughly with soap and water or use recognized skin cleanser. Do NOT use solvents or thinners. | |
| Eye contact | Check for and remove any contact lenses. Immediately flush eyes with running water for at least 15 minutes, keeping eyelids open. Seek immediate medical attention. | |
| Most important symptoms/effects, acute and delayed | | |
| Detential coute health | a officiation | |

Potential acute health effects

| Eye contact | : Causes serious eye damage. |
|--------------|---|
| Inhalation | : May cause respiratory irritation. |
| Skin contact | : May be harmful in contact with skin. Causes skin irritation. Defatting to the skin. |
| Ingestion | : No known significant effects or critical hazards. |

Over-exposure signs/symptoms

| Eye contact | : Adverse symptoms may include the following: pain watering redness | | | |
|---------------------|---|--|--|--|
| Inhalation | : Adverse symptoms may include the following: respiratory tract irritation coughing | | | |
| Skin contact | : Adverse symptoms may include the following: pain or irritation redness dryness cracking blistering may occur | | | |
| Ingestion | : Adverse symptoms may include the following: stomach pains | | | |
| Indication of immed | Indication of immediate medical attention and special treatment needed, if necessary | | | |

| Notes to physician | : | Treat symptomatically. Contact poison treatment specialist immediately if large |
|---------------------|---|---|
| | | quantities have been ingested or inhaled. |
| Specific treatments | 1 | No specific treatment. |

Product name SIGMATHERM 540

Section 4. First aid measures

| Protection of first-aiders | : No action shall be taken involving any personal risk or without suitable training. If it is suspected that fumes are still present, the rescuer should wear an appropriate |
|----------------------------|--|
| | mask or self-contained breathing apparatus. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. Wash contaminated clothing thoroughly with water before removing it, or wear gloves. |

See toxicological information (Section 11)

Section 5. Fire-fighting measures

| Extinguishing media | |
|---|---|
| Suitable | : Use dry chemical, CO ₂ , water spray (fog) or foam. |
| Not suitable | : Do not use water jet. |
| Specific hazards arising from the chemical | : Flammable liquid and vapor. Runoff to sewer may create fire or explosion hazard. In a fire or if heated, a pressure increase will occur and the container may burst, with the risk of a subsequent explosion. This material is harmful to aquatic life with long lasting effects. Fire water contaminated with this material must be contained and prevented from being discharged to any waterway, sewer or drain. |
| Hazardous thermal decomposition products | : Decomposition products may include the following materials: carbon oxides metal oxide/oxides |
| Special protective actions for fire-fighters | : Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. Move containers from fire area if this can be done without risk. Use water spray to keep fire-exposed containers cool. |
| Special protective equipment for fire-fighters | Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode. |

Section 6. Accidental release measures

| Personal precautions, protective equipment and emergency procedures | : No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Shut off all ignition sources. No flares, smoking or flames in hazard area. Do not breathe vapor or mist. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment. |
|---|---|
| Environmental precautions | : Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air). Water polluting material. May be harmful to the environment if released in large quantities. |
| Methods and materials for con | <u>ntainment and cleaning up</u> |
| Large spill | : Stop leak if without risk. Move containers from spill area. Use spark-proof tools and explosion-proof equipment. Approach release from upwind. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see Section 13). Dispose of via a licensed waste disposal contractor. Contaminated absorbent material may pose the same hazard as the spilled product. Note: see Section 1 for |
| | |

Taiwan GHS Page: 4/14

Product name SIGMATHERM 540

Section 6. Accidental release measures

emergency contact information and Section 13 for waste disposal.

Small spill: Stop leak if without risk. Move containers from spill area. Use spark-proof tools and
explosion-proof equipment. Dilute with water and mop up if water-soluble.
Alternatively, or if water-insoluble, absorb with an inert dry material and place in an
appropriate waste disposal container. Dispose of via a licensed waste disposal
contractor.

Section 7. Handling and storage

| Precautions for safe handling | : Put on appropriate personal protective equipment (see Section 8). Do not get in eyes or on skin or clothing. Do not breathe vapor or mist. Do not ingest. Avoid release to the environment. Use only with adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Do not enter storage areas and confined spaces unless adequately ventilated. Keep in the original container or an approved alternative made from a compatible material, kept tightly closed when not in use. Store and use away from heat, sparks, open flame or any other ignition source. Use explosion-proof electrical (ventilating, lighting and material handling) equipment. Use only non-sparking tools. Take precautionary measures against electrostatic discharges. Empty containers retain product residue and can be hazardous. Do not reuse container. |
|--|--|
| Conditions for safe storage, including any incompatibilities | : Store between the following temperatures: 0 to 35°C (32 to 95°F). Store in accordance with local regulations. Store in a segregated and approved area. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Store locked up. Eliminate all ignition sources. Separate from oxidizing materials. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination. See Section 10 for incompatible materials before handling or use. |

Section 8. Exposure controls/personal protection

Control parameters

Occupational exposure limits

| Ingredient name | Exposure limits |
|----------------------|---|
| xylene | TW Minstry of Labor, labor permissible workplace exposure standards, allowable concentration (Taiwan, 3/2018). [xylenes |
| | (o-, m-, p-isomer)] STEL: 542.5 mg/m ³ 15 minutes. STEL: 125 ppm 15 minutes. TWA: 434 mg/m ³ 8 hours. TWA: 100 ppm 8 hours. |
| 1-methoxy-2-propanol | TW Minstry of Labor, labor permissible workplace exposure standards, allowable concentration (Taiwan, 3/2018). STEL: 461.25 mg/m ³ 15 minutes. STEL: 125 ppm 15 minutes. TWA: 369 mg/m ³ 8 hours. TWA: 100 ppm 8 hours. |
| ethylbenzene | TW Minstry of Labor, labor permissible |
| | Taiwan GHS Page: 5/14 |

Product name SIGMATHERM 540

| • | e controls/personal protection |
|-------------------------------------|---|
| toluene | workplace exposure standards, allowable concentration (Taiwan, 3/2018). STEL: 542.5 mg/m³ 15 minutes. STEL: 125 ppm 15 minutes. TWA: 434 mg/m³ 8 hours. TWA: 100 ppm 8 hours. TW Minstry of Labor, labor permissible workplace exposure standards, allowable concentration (Taiwan, 3/2018). Absorbed through skin. STEL: 470 mg/m³ 15 minutes. STEL: 125 ppm 15 minutes. TWA: 376 mg/m³ 8 hours. |
| Appropriate engineering controls | Use only with adequate ventilation. Use process enclosures, local exhaust ventilation or other engineering controls to keep worker exposure to airborne contaminants below any recommended or statutory limits. The engineering contro also need to keep gas, vapor or dust concentrations below any lower explosive limits. Use explosion-proof ventilation equipment. |
| ndividual protection measu | |
| Respiratory protection | Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator. If workers are exposed to concentrations above the exposure limit, they must use appropriate, certified respirators. Use a properly fitted, air-purifying or air-fed respirator complying with an approved standard if a risk assessment indicates this necessary. |
| Hand protection | Chemical-resistant, impervious gloves complying with an approved standard shoul be worn at all times when handling chemical products if a risk assessment indicate this is necessary. Considering the parameters specified by the glove manufacture check during use that the gloves are still retaining their protective properties. It should be noted that the time to breakthrough for any glove material may be different for different glove manufacturers. In the case of mixtures, consisting of several substances, the protection time of the gloves cannot be accurately estimated. |
| Gloves | For prolonged or repeated handling, use the following type of gloves: |
| | Not recommended: nitrile rubber Recommended: polyvinyl alcohol (PVA), butyl rubber, Viton® |
| Skin protection | Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product. |
| Eye protection | Chemical splash goggles and face shield. |
| Hygiene measures | Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period Appropriate techniques should be used to remove potentially contaminated clothing Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location. |

Section 8. Exposure controls/personal protection

Product name SIGMATHERM 540

Section 9. Physical and chemical properties

Appearance

| Physical state | : | Liquid. | |
|--|---|--------------------------|-------------|
| Color | : | Not available. | |
| Odor | 1 | Aromatic. | |
| Odor threshold | : | Not available. | |
| рН | : | Not applicable. | |
| Melting point | : | Not available. | |
| Boiling point | : | >37.78°C (>100°F) | |
| Flash point | : | Closed cup: 35°C (95°F) | |
| Flammability (solid, gas) | 1 | Not available. | |
| Burning time | 1 | Not applicable. | |
| Burning rate | 1 | Not applicable. | |
| Decomposition temperature | 1 | Not available. | |
| Evaporation rate | : | Not available. | |
| Lower and upper explosive (flammable) limits | 1 | Not available. | |
| Vapor pressure | 1 | Not available. | |
| Vapor density | 1 | Not available. | |
| Relative density | : | 1.18 | |
| | | Media | Result |
| Solubility(ies) | ÷ | cold water | Not soluble |
| Partition coefficient: n- octanol/water | : | Not applicable. | |
| Auto-ignition temperature | 1 | Not available. | |
| Viscosity | 1 | Kinematic (40°C): >21 mm | າ²/s |
| | | | |

Section 10. Stability and reactivity

| Chemical stability | : The product is stable. |
|---|---|
| Possibility of hazardous reactions | : Under normal conditions of storage and use, hazardous reactions will not occur. |
| Conditions to avoid | : When exposed to high temperatures may produce hazardous decomposition products. |
| Incompatible materials | : Keep away from the following materials to prevent strong exothermic reactions: oxidizing agents, strong alkalis, strong acids. |
| Hazardous decomposition products Hazardous polymerization | Depending on conditions, decomposition products may include the following materials: carbon oxides metal oxide/oxides Under normal conditions of storage and use, hazardous polymerization will not occur. |

Product name SIGMATHERM 540

Section 11. Toxicological information

Information on toxicological effects

Acute toxicity

| Product/ingredient name | Result | Species | Dose | Exposure |
|--|---------------------------------|---------|-------------------------|----------|
| xylene | LD50 Dermal | Rabbit | 1.7 g/kg | - |
| | LD50 Oral | Rat | 4.3 g/kg | - |
| Solvent naphtha (petroleum), | LC50 Inhalation Dusts and mists | Rat | >5.2 mg/l | 4 hours |
| heavy arom. | | | - | |
| | LD50 Oral | Rat | >5 g/kg | - |

Specific target organ toxicity (single exposure)

Product name SIGMATHERM 540

Section 11. Toxicological information

| Name | Category | Route of exposure | Target organs |
|---|------------|-------------------|------------------------------|
| xylene | Category 3 | - | Respiratory tract irritation |
| Solvent naphtha (petroleum), heavy arom. | Category 3 | - | Narcotic effects |
| 1-methoxy-2-propanol | Category 3 | - | Narcotic effects |
| 1-Butanol, titanium(4+) salt (4:1), homopolymer | Category 3 | - | Respiratory tract irritation |
| | Category 3 | | Narcotic effects |
| toluene | Category 3 | - | Narcotic effects |

Specific target organ toxicity (repeated exposure)

| Name | | Route of exposure | Target organs |
|--------------|------------|-------------------|----------------|
| ethylbenzene | Category 2 | - | hearing organs |
| toluene | Category 2 | | - |

Aspiration hazard

| Name | Result |
|--|--------------------------------|
| xylene | ASPIRATION HAZARD - Category 1 |
| Solvent naphtha (petroleum), heavy arom. | ASPIRATION HAZARD - Category 1 |
| ethylbenzene | ASPIRATION HAZARD - Category 1 |
| toluene | ASPIRATION HAZARD - Category 1 |

Information on the likely : Not available.

routes of exposure Potential acute health effects

| i otentiai acute nearti checta | | |
|--------------------------------|--|------|
| Inhalation | May cause respiratory irritation. | |
| Ingestion | No known significant effects or critical hazards. | |
| Skin contact | May be harmful in contact with skin. Causes skin irritation. Defatting to the sl | kin. |
| Eye contact | Causes serious eye damage. | |

Symptoms related to the physical, chemical and toxicological characteristics

| Eyes | : Adverse symptoms may include the following: pain watering redness |
|------------|---|
| Inhalation | : Adverse symptoms may include the following: respiratory tract irritation coughing |
| Skin | : Adverse symptoms may include the following: pain or irritation redness dryness cracking blistering may occur |

Date of issue 20 June 2023

Product name SIGMATHERM 540

Section 11. Toxicological information

Ingestion

: Adverse symptoms may include the following: stomach pains

| Delayed and immediate effe | cts and also chronic effects from short and long term exposure |
|---|--|
| Short term exposure Potential immediate effects | : Not available. |
| Potential delayed effects | : Not available. |
| Long term exposure | |
| Potential immediate effects | : Not available. |
| Potential delayed effects | : Not available. |
| Potential chronic health ef | fects |
| Not available. | |
| General | : Prolonged or repeated contact can defat the skin and lead to irritation, cracking and/ or dermatitis. |
| Carcinogenicity | : No known significant effects or critical hazards. |
| Mutagenicity | : No known significant effects or critical hazards. |
| Reproductive toxicity | : No known significant effects or critical hazards. |
| Inhalation | : No known significant effects or critical hazards. |
| Ingestion | : No known significant effects or critical hazards. |
| Skin contact | : No known significant effects or critical hazards. |
| Eye contact | : No known significant effects or critical hazards. |

Numerical measures of toxicity

Acute toxicity estimates

Other information

1

Product name SIGMATHERM 540

Section 11. Toxicological information

Prolonged or repeated contact may dry skin and cause irritation. Sanding and grinding dusts may be harmful if inhaled. Repeated exposure to high vapor concentrations may cause irritation of the respiratory system and permanent brain and nervous system damage. Inhalation of vapor/aerosol concentrations above the recommended exposure limits causes headaches, drowsiness and nausea and may lead to unconsciousness or death. Trimethoxysilanes are capable of forming methanol if hydrolyzed or ingested. If swallowed, methanol may be harmful or fatal or cause blindness. Avoid contact with skin and clothing.

Section 12. Ecological information

Toxicity

| Product/ingredient name | Result | Species | Exposure |
|--|--|--|----------------------|
| Solvent naphtha (petroleum), heavy arom. | NOEL 0.48 mg/l Fresh water | Daphnia | 21 days |

Other adverse effects

: No known significant effects or critical hazards.

Product name SIGMATHERM 540

Section 13. Disposal considerations

Disposal methods

: The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Care should be taken when handling emptied containers that have not been cleaned or rinsed out. Empty containers or liners may retain some product residues. Vapor from product residues may create a highly flammable or explosive atmosphere inside the container. Do not cut, weld or grind used containers unless they have been cleaned thoroughly internally. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

Section 14. Transport information
