# Conforms to Regulation (EC) No. 1907/2006 (REACH), Annex II, as amended by UK REACH Regulation SI 2019/758

# **SAFETY DATA SHEET**

Date of issue/Date of revision

: 27 October 2023

**Version** : 1.02

# SECTION 1: Identification of the substance/mixture and of the company/ undertaking

| 1.1 Product identifier           |   |
|----------------------------------|---|
| Product name                     | : SIGMACOVER 456 BASE CNC-5052                                    |
| Product code                     | : 00285618  |
| Product description              | 1 ( ) ( ) ( ) ( ) ( ) ( ) ( ) ( ) ( ) (                           |
| Product type                     | : Liquid.   |
| Other means of identification    | : Not available.  |
| 1.2 Relevant identified use      | s of the substance or mixture and uses advised against            |
| Product use                      | : Professional applications, Used by spraying.                    |
| Use of the substance/<br>mixture | : Coating.  |
| Uses advised against             | : Product is not intended, labelled or packaged for consumer use. |

## 1.3 Details of the supplier of the safety data sheet

PPG Coatings Belgium BV/SRL Tweemontstraat 104 B-2100 Deurne Belgium Telephone +32-33606311 Fax +32-33606435

e-mail address of person : Produces Pro

: Product.Stewardship.EMEA@ppg.com

# 1.4 Emergency telephone number

- Supplier
  - +31 20 4075210

# **SECTION 2: Hazards identification**

2.1 Classification of the substance or mixture

Product definition : Mixture Classification according to UK CLP/GHS

Flam. Liq. 3, H226 Skin Irrit. 2, H315 Eye Irrit. 2, H319 Skin Sens. 1, H317 STOT RE 1, H372 Aquatic Chronic 3, H412

The product is classified as hazardous according to UK CLP Regulation SI 2019/720 as amended.

See Section 16 for the full text of the H statements declared above.

See Section 11 for more detailed information on health effects and symptoms.

## 2.2 Label elements

Hazard pictograms

#### Signal word

: Danger

| Code<br>SIGMACO | : 00285618<br>OVER 456 BASE CNC-5052 | Date of issue/Date of revision | : 27 October 2023 |  |  |
|-----------------|--------------------------------------|--------------------------------|-------------------|--|--|
| SECTI           | SECTION 2: Hazarde identification    |                                |                   |  |  |

| Hazard statements   | :          | Flammable liquid and vapour.  |
|---|------------|---|
|   |            | Causes skin irritation.   |
|   |            | May cause an allergic skin reaction.  |
|   |            | Causes serious eye irritation.  |
|   |            | Causes damage to organs through prolonged or repeated exposure.<br>Harmful to aquatic life with long lasting effects.   |
| Precautionary statements  |            |   |
| Prevention  | :          | Wear protective gloves. Wear eye or face protection. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Avoid release to the environment. Do not breathe vapour. Wash thoroughly after handling |
| Response  | 1          | Not applicable.   |
| Storage   | :          | Not applicable.   |
| Disposal  | :          | Dispose of contents and container in accordance with all local, regional, national and international regulations.   |
|   |            | P280, P210, P273, P260, P264, P501  |
| Supplemental label<br>elements  | :          | Contains epoxy constituents. May produce an allergic reaction.<br>Warning! Hazardous respirable droplets may be formed when sprayed. Do not<br>breathe spray or mist.   |
| Annex XVII - Restrictions<br>on the manufacture,<br>placing on the market and<br>use of certain dangerous<br>substances, mixtures and<br>articles | :          | Not applicable.   |
| Special packaging requirem  | <u>nen</u> | <u>ts</u>   |
| Containers to be fitted<br>with child-resistant<br>fastenings   | :          | Not applicable.   |
| Tactile warning of danger   | :          | Not applicable.   |
| .3 Other hazards  |            |   |
| Product meets the criteria<br>for PBT or vPvB according<br>to Regulation (EC) No.<br>1907/2006, Annex XIII  | :          | This mixture does not contain any substances that are assessed to be a PBT or a vPvB.   |
| Other hazards which do not result in classification   | :          | Prolonged or repeated contact may dry skin and cause irritation.  |

|                               |                                   |             | statements declared    |         |
|                               |                                   |             | above.                 |         |

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment, are PBTs, vPvBs or Substances of equivalent concern, or have been assigned a workplace exposure limit and hence require reporting in this section.

Xylene: Several REACH registrations cover the REACH registered substance with xylene isomers, ethylbenzene (and toluene). The other REACH Registrations include: 01-2119555267-33 reaction mass of ethylbenzene and m-xylene and pxylene, 01-2119486136-34 Aromatic hydrocarbons, C8, 01-2119539452-40 reaction mass of ethylbenzene and xylene.

Type

[1] Substance classified with a health or environmental hazard

[2] Substance with a workplace exposure limit

This mixture contains ≥ 1% of titanium dioxide. The Annex VI classification of titanium dioxide does not apply to this mixture according to Note 10.

Occupational exposure limits, if available, are listed in Section 8.

SUB codes represent substances without registered CAS Numbers.

# SECTION 4: First aid measures

### 4.1 Description of first aid measures

| Eye contact                | : Remove contact lenses, irrigate copiously with clean, fresh water, holding the eyelids apart for at least 10 minutes and seek immediate medical advice.   |
|----------------------------|---|
| Inhalation                 | : Remove to fresh air. Keep person warm and at rest. If not breathing, if breathing is<br>irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained<br>personnel.  |
| Skin contact               | : Remove contaminated clothing and shoes. Wash skin thoroughly with soap and water<br>or use recognised skin cleanser. Do NOT use solvents or thinners.   |
| Ingestion                  | : If swallowed, seek medical advice immediately and show the container or label. Keep person warm and at rest. Do NOT induce vomiting.  |
| Protection of first-aiders | No action shall be taken involving any personal risk or without suitable training. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. Wash contaminated clothing thoroughly with water before removing it, or wear gloves. |

| 4.2 Most important symptoms    | s a | nd effects, | both  | acute     | and   | delayed |
|--------------------------------|-----|-------------|-------|-----------|-------|---------|
| Potential acute health effects |     |             |       |           |       |         |
| Eye contact                    | ÷   | Causes se   | rious | eye irrit | ation | 1.      |

|------------------------------------|--|--|--|
| Code : 002856<br>SIGMACOVER 456 BA |  |  |  |
| <b>SECTION 4: First</b>            | st aid measures  |  |  |
| Inhalation                         | : No known significant effects or critical hazards.  |  |  |
| Skin contact                       | : Causes skin irritation. Defatting to the skin. May cause an allergic skin reaction.      |  |  |
| Ingestion                          | : No known significant effects or critical hazards.  |  |  |
| Over-exposure signs                | s/symptoms   |  |  |
| Eye contact                        | : Adverse symptoms may include the following:<br>pain or irritation<br>watering<br>redness |  |  |

: Adverse symptoms may include the following:

| Ingestion                    | : No specific data.   |
|------------------------------|---|
| 4.3 Indication of any immedi | ate medical attention and special treatment needed  |
| Notes to physician           | : Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled. |
| Specific treatments          | : No specific treatment.  |
| <b>SECTION 5: Firefigh</b>   | ting measures   |
| 5.1 Extinguishing media      |   |
| Suitable extinguishing media | : Use dry chemical, CO <sub>2</sub> , water spray (fog) or foam.  |
| Unsuitable extinguishing     | : Do not use water jet.   |

: No specific data.

irritation redness dryness cracking

## 5.2 Special hazards arising from the substance or mixture

Inhalation

media

Skin contact

| Hazards from the substance or mixture          | Flammable liquid and vapour. Runoff to sewer may create fire or explosion hazard.<br>In a fire or if heated, a pressure increase will occur and the container may burst, with<br>the risk of a subsequent explosion. This material is harmful to aquatic life with long<br>lasting effects. Fire water contaminated with this material must be contained and<br>prevented from being discharged to any waterway, sewer or drain. |
|--|--|
| Hazardous combustion<br>products               | Decomposition products may include the following materials:<br>carbon oxides<br>sulfur oxides<br>halogenated compounds<br>metal oxide/oxides   |
| 5.3 Advice for firefighters                    |  |
| Special protective actions for fire-fighters   | Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. Move containers from fire area if this can be done without risk. Use water spray to keep fire-exposed containers cool.   |
| Special protective equipment for fire-fighters | Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.  |

Code : 00285618 SIGMACOVER 456 BASE CNC-5052 Date of issue/Date of revision

: 27 October 2023

# SECTION 6: Accidental release measures

| 6.1 Personal precautions, pro   | te | ctive equipment and emergency procedures   |
|---------------------------------|----|--|
| For non-emergency<br>personnel  | :  | No action shall be taken involving any personal risk or without suitable training.<br>Evacuate surrounding areas. Keep unnecessary and unprotected personnel from<br>entering. Do not touch or walk through spilt material. Shut off all ignition sources.<br>No flares, smoking or flames in hazard area. Avoid breathing vapour or mist.<br>Provide adequate ventilation. Wear appropriate respirator when ventilation is<br>inadequate. Put on appropriate personal protective equipment.   |
| For emergency responders        | :  | If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".  |
| 6.2 Environmental precautions   | :  | Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains<br>and sewers. Inform the relevant authorities if the product has caused environmental<br>pollution (sewers, waterways, soil or air). Water polluting material. May be harmful<br>to the environment if released in large quantities.  |
| 6.3 Methods and material for    | со | ntainment and cleaning up  |
| Small spill                     | :  | Stop leak if without risk. Move containers from spill area. Use spark-proof tools and explosion-proof equipment. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.   |
| Large spill                     | :  | Stop leak if without risk. Move containers from spill area. Use spark-proof tools and explosion-proof equipment. Approach the release from upwind. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see Section 13). Dispose of via a licensed waste disposal contractor. Contaminated absorbent material may pose the same hazard as the spill product. Note: see Section 1 for emergency contact information and Section 13 for waste disposal. |
| 6.4 Reference to other sections | :  | See Section 1 for emergency contact information.<br>See Section 8 for information on appropriate personal protective equipment.<br>See Section 13 for additional waste treatment information.  |

# **SECTION 7: Handling and storage**

The information in this section contains generic advice and guidance. The list of Identified Uses in Section 1 should be consulted for any available use-specific information provided in the Exposure Scenario(s).

## 7.1 Precautions for safe handling

| Protective measures                    | : Put on appropriate personal protective equipment (see Section 8). Persons with a history of skin sensitization problems should not be employed in any process in which this product is used. Do not get in eyes or on skin or clothing. Do not breathe vapour or mist. Do not ingest. Avoid release to the environment. Use only with adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Do not enter storage areas and confined spaces unless adequately ventilated. Keep in the original container or an approved alternative made from a compatible material, kept tightly closed when not in use. Store and use away from heat, sparks, open flame or any other ignition source. Use explosion-proof electrical (ventilating, lighting and material handling) equipment. Use only non-sparking tools. Take precautionary measures against electrostatic discharges. Empty containers retain product residue and can be hazardous. Do not reuse container. |
|--|--|
| Advice on general occupational hygiene | : Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.  |

Code : 00285618 SIGMACOVER 456 BASE CNC-5052 Date of issue/Date of revision

: 27 October 2023

# **SECTION 7: Handling and storage**

#### 7.2 Conditions for safe storage, including any incompatibilities

Store between the following temperatures: 0 to 35°C (32 to 95°F). Store in accordance with local regulations. Store in a segregated and approved area. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Eliminate all ignition sources. Separate from oxidising materials. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabelled containers. Use appropriate containment to avoid environmental contamination. See Section 10 for incompatible materials before handling or use.

#### 7.3 Specific end use(s)

See Section 1.2 for Identified uses.

# **SECTION 8: Exposure controls/personal protection**

#### 8.1 Control parameters

The information in this section contains generic advice and guidance. The list of Identified Uses in Section 1 should be consulted for any available use-specific information provided in the Exposure Scenario(s).

**Occupational exposure limits** 

| Product/ingredient name                            | Exposure limit values   |
|--|---|

|-------------------------|--------|-------------|-----------|
| xylene                  | 3.12   | 7.4 to 18.5 | Low       |
| epoxy resin (MW ≤ 700)  | 3      | 31          | Low       |
| ethylbenzene            | 3.6    | 79.43       | Low       |
| propylidynetrimethanol  | -0.47  | -           | Low       |

#### 12.4 Mobility in soil

| Soil/water partition coefficient (Koc) | : Not available. |
|--|------------------|
| Mobility                               | : Not available. |

#### 12.5 Results of PBT and vPvB assessment

This mixture does not contain any substances that are assessed to be a PBT or a vPvB.

#### **12.6 Other adverse effects** : No known significant effects or critical hazards.

# **SECTION 13: Disposal considerations**

The information in this section contains generic advice and guidance. The list of Identified Uses in Section 1 should be consulted for any available use-specific information provided in the Exposure Scenario(s).

### **13.1 Waste treatment methods**

| <u>Product</u>         |  |
|------------------------|--|
| Methods of disposal    | : The generation of waste should be avoided or minimised wherever possible.<br>Disposal of this product, solutions and any by-products should at all times comply<br>with the requirements of environmental protection and waste disposal legislation<br>and any regional local authority requirements. Dispose of surplus and non-<br>recyclable products via a licensed waste disposal contractor. Waste should not be<br>disposed of untreated to the sewer unless fully compliant with the requirements of<br>all authorities with jurisdiction. |
| Hazardous waste        | : Yes.   |
| <u>Waste catalogue</u> |  |
| Waste code             | Waste designation  |
| 08 01 11*              | waste paint and varnish containing organic solvents or other hazardous substances  |

#### **Packaging**

Methods of disposal

: The generation of waste should be avoided or minimised wherever possible. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible.

| Code      | : 00285618           | Date of issue/Date of revision | : 27 October 2023 |
|-----------|----------------------|--------------------------------|-------------------|
| SIGMACOVE | ER 456 BASE CNC-5052 |                                |                   |

# **SECTION 13: Disposal considerations**

| Type of packaging   | Waste catalogue   |
|---------------------|---|
| Container           | 15 01 06 mixed packaging  |
| Special precautions | : This material and its container must be disposed of in a safe way. Care should be taken when handling emptied containers that have not been cleaned or rinsed out. Empty containers or liners may retain some product residues. Vapour from product residues may create a highly flammable or explosive atmosphere inside the container. Do not cut, weld or grind used containers unless they have been cleaned thoroughly internally. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers. |

#### Procedure used to derive the classification

| Classification          | Justification         |
|-------------------------|-----------------------|
| Flam. Liq. 3, H226      | On basis of test data |
| Skin Irrit. 2, H315     | Calculation method    |
| Eye Irrit. 2, H319      | Calculation method    |
| Skin Sens. 1, H317      | Calculation method    |
| STOT RE 1, H372         | Calculation method    |
| Aquatic Chronic 3, H412 | Calculation method    |

### Full text of abbreviated H statements

| H225 | Highly flammable liquid and vapour.                                |  |
|------|--|--|
| H226 | Flammable liquid and vapour.                                       |  |
| H304 | May be fatal if swallowed and enters airways.                      |  |
| H312 | Harmful in contact with skin.                                      |  |
| H315 | Causes skin irritation.  |  |
| H317 | May cause an allergic skin reaction.                               |  |
| H319 | Causes serious eve irritation.                                     |  |
| H332 | Harmful if inhaled.  |  |
| H335 | May cause respiratory irritation.                                  |  |
| H336 | May cause drowsiness or dizziness.                                 |  |
| H350 | May cause cancer.  |  |
| H361 | Suspected of damaging fertility or the unborn child.               |  |
| H372 | Causes damage to organs through prolonged or repeated exposure.    |  |
| H373 | May cause damage to organs through prolonged or repeated exposure. |  |
| H411 | Toxic to aquatic life with long lasting effects.                   |  |
