

## HBA-9XX TINTING GUIDE

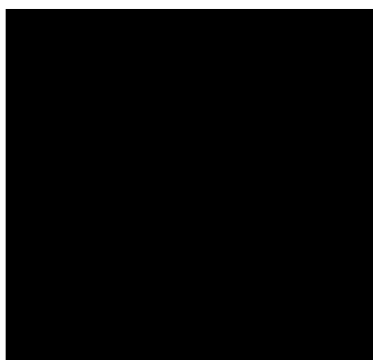

### Technical Bulletin CPCTB23

HBA-9XX is a high build alkyd primer base. HBA-9XX must be tinted with a full 4 oz. of any combination of CPC "H" series tint concentrate. (4 oz. per 124 oz. short filled gallon)

Once tinted, HBA-9XX must be relabeled with finished product label coded HBA-CT. The "HBA-CT" label is the only legal label for the tinted primer.
