

# The OMNI® Plus compliant basecoat system

## MBPX 3.5 VOC ACRYLIC URETHANE BASECOAT

**The low-VOC solventborne system ideal for meeting today's color matching demands with fast-dry performance.**

OMNI® Plus MBPX is a fast-drying, solventborne basecoat system that delivers everything needed to meet VOC compliance requirements, with the proven color-matching performance of PPG's highly-regarded *OMNI* urethane technology.

*OMNI Plus* MBPX features high-strength toners to deliver excellent coverage for the latest vehicle finishes. Together with a complete system of compliant clears and support products, you can count on the *OMNI Plus* MBPX color-matching system to deliver the quality customers expect from a can of PPG paint.

- **Chromatically-arranged color deck**
- **Color matches for the latest vehicle finishes, including tri-coats and colors containing unique pigments**
- **Color formulas dating back more than three decades**
- **Unique Diamond toners that provide brilliance and sparkle frequently seen in OEM finishes**
- **Enhanced durability**
- **Formulated to match OEM color in as few coats as possible**
- **Fast dry times**
- **Sprays like conventional solvent**
- **Simple, compact system**

For more information regarding products, refer to the *OMNI* compliant brochure available through your PPG Distributor or Territory Manager.
