

AquaMax Precleaner 1.931.4501

WATERBORNE DEGREASER

AquaMax Precleaner 4501 is a waterborne product suitable for the easy removal of grease, oils, silicone, waxes, dirt and other contaminating agents from old paintwork, bare metal, plastics and any other paintable substrates.

AquaMax Precleaner 4501 has been designed to reduce organic solvent emissions to the atmosphere, and is compliant to forthcoming international legislation.

USE

Thoroughly clean substrate with a clean cloth generously soaked with **Aquamax Precleaner 4501**. While area is still wet, dry with another clean dry cloth. Degrease one part/area at a time, avoiding treatment of different areas at the same time.

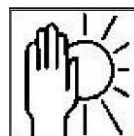

Note: use of ultra fine Scotch-Brite soaked with **Aquamax Precleaner 4501** is strongly recommended when:

- changing colours where full sanding is not required
- always possible and when an adhesion promoter is used (Filler 0310 ClearSealer 0204)
- painting the inside of spare parts
- preparing interiors and door shuts

TECHNICAL DATA

Pack size 5 Ltr
Storage Store in cool dry place away from heat.
