The statement and methods presented in this bulletin are based upon the best available data and practices known to PPG Architectural Finishes, Inc. at the present time. They are not representations or warranties of performance, results or comprehensiveness of such data. Since PPG Architectural Finishes, Inc. is constantly improving its coatings and paint formulas, future technical data may vary somewhat from what was available when this bulletin was printed. Contact your PPG Sales Representative or the Pittsburgh Paints Information Center for the most up-to-date information.

Coraflon™ ADS
Epoxy Intermediate Primer
ADS573/ADS574 White

Application Data (continued)

<table>
<thead>
<tr>
<th>Dry Film Per Coat:</th>
<th>2.0 to 5 mils</th>
</tr>
</thead>
<tbody>
<tr>
<td>Coverage Sq. Ft./Gal. @ 1 mil:</td>
<td>1184</td>
</tr>
</tbody>
</table>

Coverage figures do not include loss due to mixing, transfer or application of the coating.

Clean Up Solvent: ADS701 or ADS702 Thinners

Mixing Instructions: Under mechanical agitation, mix ADS573 Component A thoroughly. Add ADS574 Component B to Component A and mix until uniform. No digestion time is required.

Additional Information

**Apply only when air, product and surface temperatures are above 50°F (10°C) and surface temperature is at least 5°F (3°C) above the dew point. Curing is retarded below 60°F (15°C).

Read all label and Material Safety Data Sheet (MSDS) information prior to use. MSDS are available by calling 1-800-441-9695.

Not intended for residential use.

**Spray equipment must be handled with due care and in accordance with manufacturer's recommendation.

**High-pressure injection of coatings into the skin by airless equipment may cause serious injury, requiring immediate medical attention at a hospital.

WARNING: Removal of old paint by sanding, scraping or other means may generate dust or fumes which contain lead. EXPOSURE TO LEAD DUST OR FUMES MAY CAUSE ADVERSE HEALTH EFFECTS, ESPECIALLY IN CHILDREN OR PREGNANT WOMEN. Controlling exposure to lead or other hazardous substances requires the use of proper protective equipment, such as a properly fitted and approved (e.g., NIOSH-approved) respirator and proper containment and cleanup. For additional information, contact the USEPA/Lead Information Hotline at 1-800-424-LEAD or the regional Health Canada office.
